

Adrian Nduma *Kenya*

Colour, beauty and abstraction are Adrian Nduma's pillars - art for the sake of art. The former banker holds a degree in fine art from Kenyatta University. Having focused on full-time painting ten years ago, Nduma's style is consistently evolving. With a background in graphics applied in advertising he portrays a unique discipline in composition, form and colour. He has worked with many companies in Kenya developing graphics for their advertising campaigns.

His style is largely surrealistic and abstract. He also likes to experiment with various media and styles in his paintings.

Nduma is gradually earning his place as one of the promising collectable artists in Kenya.
